Other (please specify):**

---

|      | <b>Ref No.</b> | <b>2a Other (please specify)</b>   |
|------|----------------|--|
| 2.1  | 10019          | 1. Potential sites should not destroy the amenity of the existing residents. 2 Potential sites for young families should be south of the A44 for safer access to the playgroup & school. |
| 2.2  | 8074           | All the ticks but mainly "potential sites are judged upon individual merit"  |
| 2.3  | 8038           | Difficult to answer rigorously this question without a comprehensive map   |
| 2.4  | 10073          | Maybe redundant barns for conversion could provide housing potential.  |
| 2.5  | 10071          | Not all in one location - small schemes.   |
| 2.6  | 1004           | Restoration of neglected sites - housing.  |
| 2.7  | 7045           | Seems a bit low but depends on type of development written against not enough option   |
| 2.8  | 10021          | Should be inside the boundary  |
| 2.9  | 10020          | Should be within the existing boundary.  |
| 2.10 | 7045           | Sites that provide for live/work   |
| 2.11 | 7014           | Traffic is THE big problem   |
| 2.12 | 10087          | Use any plots within the village unless they are open space, add to the character, are playing fields etc.   |

### 3 Do you feel Pembridge Parish is best suited to: Other (please specify):

|      | Ref No. | 3a Other (please specify)  |
|------|---------|--|
| 3.1  | 1020    | A mixture of small schemes as individual or pairs.   |
| 3.2  | 10020   | A single development by the village hall.  |
| 3.3  | 10073   | Barn conversions could do this without grabbing up bare land.  |
| 3.4  | 10087   | Big projects not appropriate and are wholly profit led. Other villages have been spoilt with big suburban type estates.  |
| 3.5  | 10083   | Bungalows for over 60s   |
| 3.6  | 10021   | Development inside the village if necessary - do not feel there is a need.   |
| 3.7  | 7009    | I am treating your questionnaire as being for the parish as the questions are inconsistent with 'village'  |
| 3.8  | 7013    | Note: Houses of various prices stay on the market for years. Need hamlets near places of employment  |
| 3.9  | 8042    | Pembridge village is a good size so to add housing to the actual village itself would not be wise as when does a village then become a town through population size! Building needs to be nearer to hamlets! |
| 3.10 | 8092    | Small development in one location, companionship for new comers  |
| 3.11 | 7014    | Until the A44 is diverted there should be no more building. Things would be different after that   |
| 3.12 | 8044    | We should avoid anything that looks like an "estate" - I would prefer schemes smaller than 10 units but it would depend on the detail and appearance   |

### 4 Which of the following tenure types do you feel are needed or best suited to Pembridge Parish: Other (please specify):

|      | Ref No. | 4a Other (please specify)   |
|------|---------|---|
| 4.1  | 10044   | A mix of above.   |
| 4.2  | 7053    | A mix of intermediate housing + private   |
| 4.3  | 8014    | A mix of tenures is required, all in scale and in character to Pembridge  |
| 4.4  | 10076   | A mixture of above.   |
| 4.5  | 8044    | A variety of open market homes to suit ALL needs and budgets is my preference. Not "social" housing as this meets the needs of a minority |
| 4.6  | 7078    | Affordable homes in which families can afford who have a mortgage & both parents work (children in school)                                |
| 4.7  | 8006    | All the above   |
| 4.8  | 8038    | Community land trust development  |
| 4.9  | 7008    | Houses for younger people with local connections  |
| 4.10 | 8042    | I feel it should be a mixture of those types that I have ticked, therefore also covering those who need social housing                    |
| 4.11 | 10088   | It should be a mixture of those I have ticked.  |
| 4.12 | 1025    | Mixture of the two  |
| 4.13 | 10083   | New homes for local young and retired.  |
| 4.14 | 10028   | No holiday or second homes please.  |
| 4.15 | 7068    | Retired peoples bungalows   |
| 4.16 | 7014    | There is hardly any work here so it isn't fair to bring people here who would be obliged to travel  |

### 5 Which types of homes do you feel are needed or best suited to Pembridge Parish: Other (please specify):

|     | Ref No. | 5a Other (please specify)  |
|-----|---------|--|
| 5.1 | 10028   | 2/3 bedroom affordable ( not social ) housing for young couples/ families to buy. We need to encourage young to the village. |
| 5.2 | 10076   | A mix of above.  |

|      |       |  |
|------|-------|--|
| 5.3  | 10044 | A mix of above.  |
| 5.4  | 8038  | A mix of those ticked above  |
| 5.5  | 8044  | A mixture is always good - but family sized gardens are hard to find in Pembridge  |
| 5.6  | 10024 | A mixture of most of the above would seem to be appropriate & manageable.  |
| 5.7  | 10079 | Affordable - not social/ subsidised for young people wanting a first step on the property ladder, 2 or 3 bedrooms.   |
| 5.8  | 8014  | Again, a mix of types caters for all stages in life and pockets  |
| 5.9  | 8006  | All the above  |
| 5.10 | 7014  | Bungalows - just a few   |
| 5.11 | 8009  | Consideration for single people of all ages  |
| 5.12 | 7004  | Homes designed to meet needs of ageing population + small families   |
| 5.13 | 1024  | Houses that will attract young families to ensure existing facilities are sustainable and hopefully increase others (i.e. buses).  |
| 5.14 | 7045  | Housing mix needs to reflect local demand with a focus on providing housing for young local people, families and to support employment   |
| 5.15 | 8042  | I feel it should be a mixture of some of those I have ticked, therefore covering those in need of social housing   |
| 5.16 | 10088 | It should be a mixture of those I have ticked but none should be of a modern or contemporary design, they should fit with our oak framed houses.                               |
| 5.17 | 10007 | Mixture.   |
| 5.18 | 8042  | Next to "homes that are 'exceptional'..." commented "not if they are modern in design as this area is not only conservation area but mainly oak framed listed homes/buildings" |
| 5.19 | 7078  | No more social housing!!   |
| 5.2  | 8012  | Q5 * next to "Detached homes...", "Houses with workshops/..." and "bungalows" written underneath "mixture of all 3" and arrow to "Bungalows" with "warden" written next to it  |
| 5.21 | 8051  | Q5 under "Homes that are 'exceptional'..." commented "why wouldn't they be this anyway?"   |
| 5.22 | 8077  | Self-build homes ok if time-limit for completion. Existing alms houses need to be upgraded to provide improved heating/plumbing/amenities                                      |
| 5.23 | 8041  | Sheltered accommodation for elderly only   |
| 5.24 | 7017  | Something that belongs to the C21st and not the C15th  |

## 6 When considering new housing/development schemes which of these factors do you consider most important for Pembridge Parish: Other (please specify):

Note: Anonymised comments are shown in italics

|      | Ref No. | 6a Other (please specify)  |
|------|---------|--|
| 6.1  | 8002    | Bit of a daft question, surely very few would not say "important"  |
| 6.2  | 8077    | Bus service too poor to consider reducing car journeys   |
| 6.3  | 8051    | Developments need to be looked at on individual basis, economy is important to allow houses to use cheap enough for first time buyers and must also be cheap to heat and keep warm. The new developments also need to be in keeping with existing buildings around it.   |
| 6.4  | 8064    | First time - low cost housing. For families to support school and local life!  |
| 6.5  | 1004    | Good quality houses which are solid, simple and fit in.  |
| 6.6  | 1017    | Good sized garden - room to grow food. Avoid speculative schemes of big houses on tiny plots e.g. no more <i>named company</i>   |
| 6.7  | 10071   | Good/excellent design by local architects of construction companies.   |
| 6.8  | 1018    | Houses need to have reasonable sized gardens and not be crammed into small plots, which has been a conspicuous feature of recent speculative building locally. <i>Named company</i> in particular are guilty of this.  |
| 6.9  | 7014    | Houses that can help sustain existing facilities - what facilities   |
| 6.10 | 7078    | Houses which are not necessarily built by one company  |
| 6.11 | 8038    | Housing that encourages a wide social mix - and integration  |
| 6.12 | 8044    | Infrastructure can be improved to meet the demands of new housing and new housing sometimes pays for infrastructure upgrades. New housing can help provide new employment opportunities but this isn't the main reason for having new houses. Also need to consider the type of houses that might be popular or needed for those outside of the area. (Not just the people of Pembridge now as this is a long term plan) |
| 6.13 | 1016    | It's important that land that is really only space for one does not end up with 2-3 houses on it.  |
| 6.14 | 8058    | Please note - planning officers should not have an opinion on style without VERY good reasons. It should be in keeping with the area but always windows of a good size allowed   |

|      |       |  |
|------|-------|--|
| 6.15 | 10081 | Schemes should not compromise the amenity of existing residents. |
| 6.16 | 10078 | Sewage must be adequate.   |
| 6.17 | 10024 | We must not be afraid of change.                                 |

## 7 Are these 'styles' of housing/development suited to our parish: Other:

|      | Ref No. | 7a Other   |
|------|---------|--|
| 7.1  | 8022    | A mix of different styles  |
| 7.2  | 10024   | Again a combination which must not be solely based on what we already have.  |
| 7.3  | 10087   | Each scheme should be bespoke - not ubiquitous, mediocre, standardised, lets be brave and only accept the best!  |
| 7.4  | 10089   | Houses working people can afford.  |
| 7.5  | 8074    | I feel very strongly that a range of styles should be permitted with an emphasis on designs that represent the 21st century  |
| 7.6  | 8038    | I think its important that individual creativity is encouraged and harmony to local environment its sited upon   |
| 7.7  | 8044    | Important to have good proportions, detailing, right materials, ensure landscaping is good etc   |
| 7.8  | 1018    | Innovative materials should be used, but timber-framed designs must have good proportions ant not smack of pastiche.   |
| 7.9  | 8090    | Just build good houses   |
| 7.10 | 8042    | NB: This is a village of beautiful grade 2 listed buildings on the "black and white trail" and conservation area. No modern or contemporary buildings should be allowed to be built here!! |
| 7.11 | 1017    | Not keen on modern pastiche 'historic' styles e.g. timber frame, unless to a very high visual standard.  |
| 7.12 | 8077    | Occasional contemporary design with modern materials may be appropriate (and exciting) in an individual house in the right location  |
| 7.13 | 8058    | Should be taken on individual cases but not on planners preference   |
| 7.14 | 8086    | Traditional design appearance from outside but innovative sustainability/carbon neutral on the inside  |
| 7.15 | 7017    | We must move on from the past in design but respect local materials + methods  |
| 7.16 | 10058   | We seem to have a varied mixture already!  |

## 10 If yes to the above question: What type of home would you like to build? Brief description of style, size and purpose

|       | Ref No. | 10 If yes to the above question: What type of home would you like to build?<Br><Br> Brief description of style, size and purpose                                |
|-------|---------|---|
| 10.1  | 8038    | 2 bedroom, eco-house, with live/work space  |
| 10.2  | 10020   | 2 storey carbon neutral house - 4 bedrooms.   |
| 10.3  | 8051    | 2/3 bedroom, garden, garage family house (drawn a little picture or a house with 2 adult stick people and 2 children and a cat outside)                         |
| 10.4  | 7029    | 3 - 4 bed full zero carbon house. With off grid facility  |
| 10.5  | 7077    | 3 - 4 bedroom, family home with reasonable sized garden. Would be happy to build in a style that 'fit' with local architecture, rather than working in conflict |
| 10.6  | 8006    | 3 bed, carbon neutral, detached   |
| 10.7  | 10028   | 3 bed, single storey eco/ home - single plot exemption.   |
| 10.8  | 7052    | 3 bedroom detached timber framed building with live/work space  |
| 10.9  | 7002    | 3 bedroom house to live in  |
| 10.10 | 7009    | 3 bed-roomed bungalows  |
| 10.11 | 10087   | 3 or 4 bedroom live work home, Barn style - a mix of traditional craftsmanship & modern design.   |
| 10.12 | 10037   | 3/4 bedroom Border Oak type.  |
| 10.13 | 8054    | 3/4 bedroom cottage with 1/2 acre garden a level site   |
| 10.14 | 8022    | 3/4 bedroom timber frame/brick house ready for retirement   |

|       | Ref No. | 12a Other (please specify)  |
|-------|---------|---|
| 12.1  | 7024    | A few!  |
| 12.2  | 10024   | As long as not too big and located appropriately.   |
| 12.3  | 8029    | As long as they are in very low density   |
| 12.4  | 8014    | Assuming they are also restricted to 12% over 20 years and in particular to match existing scale - character                  |

| 12.6  | 1017    | Constrained by narrow roads, drainage, water pressure, broadband, etc.  |
| 12.7  | 10073   | Has to be small development.  |
| 12.8  | 8010    | If land were made available at a reasonable price, it should be considered  |
| 12.9  | 10088   | If those other hamlets can sustain extra homes then Yes.  |
| 12.10 | 1018    | Infrastructure very poor locally.   |
| 12.11 | 10018   | Lower Bearwood is not suitable for more housing because of the existence of chicken sheds.                                    |

| 12.16 | 7013  | New hamlets including live/work properties near industrial developments                                       |
| 12.17 | 8012  | None of these hamlets at present. Roads and other infrastructure would need to be reviewed and updated first. |
| 12.18 | 8042  | Not sure, but possible if within Pembridge Parish boundaries  |
| 12.19 | 10020 | Only small development - 1 or 2 houses.   |

**13 If new homes were to be created in the hamlets of Pembridge Parish (above) which of these do you think would best suit the existing communities: Other:**

|       | Ref No. | 13a Other  |
|-------|---------|--|
| 13.1  | 8002    | A broad inclusive of all approach  |
| 13.2  | 10079   | Affordable housing for young people/ families, but not necessarily social/ subsidized, - where will our children go ?  |
| 13.3  | 7050    | In parts   |
| 13.4  | 10056   | Infill.  |
| 13.5  | 7017    | No restriction, let people build nice things. Let a few architects onto the appropriate committees and produce good stuff for our age!!  |
| 13.6  | 10018   | None of these would suit the existing communities.   |
| 13.7  | 7073    | None should be built in these hamlets  |
| 13.8  | 8003    | Q13 crossed through "social/subsidised"  |
| 13.9  | 1004    | Restoration - imagination Creation of 2 households within?   |
| 13.10 | 1002    | The first two headings apply very much to Pembridge village itself   |
| 13.11 | 7045    | The problem with building too much subsidised housing is that living without the main amenities of Pembridge make living more expensive so need to ensure the proposition is sustainable |
| 13.12 | 1017    | Underlined 'local employment' and written "where?"   |

**Please leave any general comments regarding new housing in Pembridge Parish/Village here:**

*Note: Anonymised comments are shown in italics*

|        | Ref No. | 13b Please leave any general comments regarding new housing in Pembridge Parish/Village here:  |
|--------|---------|--|
| 13b.1  | 8042    | A mixture of those I have said yes to above so as to cover those in need of housing. Also.   |
| 13b.2  | 8050    | Any new development should be restricted to providing low cost housing for local people  |
| 13b.3  | 10011   | Any new development should respect the fact that Pembridge is an historic black & white village.   |
| 13b.4  | 8081    | Any new houses should be within village, but only if suitable i.e. converted empty properties. The old carpet warehouse in middle of village could be converted into living accommodation and would be better use of what is at present an "eye sore"!   |
| 13b.5  | 8096    | Any proposal to build in isolated areas needs to consider impact on limited facilities ie drainage /run off, telecommunications, as well as 'infringement' on space/views. There is a need to develop low cost single accommodation/starter flats for the younger and older generation to remain living and growing within the community |
| 13b.6  | 7077    | As a home owners in the village, we are keen to stay and maintain our existing links (school, family etc) but find it increasingly difficult to find suitably (affordably) priced housing to suit our needs, within the parish   |
| 13b.7  | 8029    | As long as they are in very low density  |
| 13b.8  | 8069    | Broxwood would not be viable as no main sewage exists  |
| 13b.9  | 10021   | Do not feel it is really needed - only the odd house in a sensible location. The village should not spread outside the existing boundary.  |
| 13b.10 | 8032    | Don't know   |
| 13b.11 | 8038    | Eco housing development that encourages local enterprise and reduces the carbon footprint of   |

|        |       |   |
|--------|-------|---|
|        |       | residents should be a priority  |
| 13b.12 | 7079  | Expensive housing using French oak is not necessary   |
| 13b.13 | 8083  | Hamlets need to provide housing for families not just retired   |
| 13b.14 | 8028  | Have answered "no" to Q12 but would welcome new build if using redundant buildings or land that has been left derelict  |
| 13b.15 | 8010  | Healthy communities are mixed communities i.e. age, colour, creed and class and wealth. Housing should be able to accommodate all of the above  |
| 13b.16 | 7073  | Housing should be built where there are jobs, there aren't enough jobs locally for those already living in the surrounding areas.   |
| 13b.17 | 10075 | I am opposed to any further development in the village until 1. The A44 is rerouted. 2. The bus service is improved. 3. The return of the doctors surgery. 4. The sewage system is enlarged and updated.  |
| 13b.18 | 7013  | I don't trust the word "local" having heard of past experiences. Traffic congestion is already so bad that the south of the village is cut off from incoming traffic from the A44 at peak times. Water and drainage already a problem for some. Pembridge is full.  |
| 13b.19 | 10038 | I feel there is a great need for affordable homes for young families.   |
| 13b.20 | 8074  | I feel very strongly that a range of styles should be permitted with an emphasis on designs that represent the 21st century   |
| 13b.21 | 10020 | If more housing is really necessary keep it within the parish boundary.   |
| 13b.22 | 10079 | If young families are not encouraged to the village, we will eventually lose the school. We need to have housing which they can afford to buy.  |
| 13b.23 | 7081  | In keeping with existing buildings  |
| 13b.24 | 7023  | Interesting to see that the steering committee members have connections with <i>named company</i> so no doubt any 'inside information' will enable them to acquire any land that may become available therefore continuing to profit at the village's expense   |
| 13b.25 | 1023  | It would be appropriate if new housing allowed those with connection to the village by work or family to live close to their work or family before others who would like to join the community.   |
| 13b.26 | 7055  | Large developments have driven most of my generation out of Pembridge, houses that are sold under market value is a good option. Price is very important where the wages round here are low. <i>Named company</i> have built a good development in Presteigne that should be looked at.                         |
| 13b.27 | 8048  | Mock Tudor (like Victorian Gothic) is the architectural equivalent of fancy dress and should be resisted  |
| 13b.28 | 10065 | Must have off road parking facilities.  |
| 13b.29 | 10006 | New developments, sensitively managed, bring in new blood and help to keep local people in their home area. They can boost economic developments and small businesses.  |
| 13b.30 | 8044  | New houses are needed not just for "local" people but also to encourage families to move to Pembridge. Hardly any new homes have been built and there are no self build plots available. New homes will support the school, shops, pubs etc etc. Small schemes are tried and tested in Pembridge and work well. |
| 13b.31 | 10019 | New Housing should not destroy the setting of the listed buildings.   |
| 13b.32 | 10081 | New housing should not destroy the setting of the numerous listed buildings which are key to preserving the character & style of the village and its surroundings.  |
| 13b.33 | 8002  | New housing will be beneficial. I do not accept arguments re. local services being unable to cope because they will expand to meet the need through either political (i.e. council) initiative or market forces   |
| 13b.34 | 7080  | No more 'mock heritage' ( <i>Named company style</i> ) houses required  |
| 13b.35 | 7078  | No more social housing. Pembridge needs affordable housing for working families where the children are in the school and both parents work. Not London prices please.   |
| 13b.36 | 8089  | None!   |
| 13b.37 | 1028  | Not a lot of use building new homes when the doctors surgery is closing, and the bus service has been cut making it hard to hold a full time job if you have no transport.  |
| 13b.38 | 7025  | Pembridge as a whole will benefit from modest growth to support local amenities (transport, shopping, school, medical etc)  |
| 13b.39 | 1004  | Pembridge is a sane and happy place - it must not be changed too much - could be thoughtfully used as the most important issue too much new will destroy the character.   |
| 13b.40 | 7014  | Pembridge is not suitable for new housing due to the traffic. When, and if, that problem is solved, things could be reconsidered  |
| 13b.41 | 8001  | Pembridge Parish village has a unique character and is one of a small and diminishing number of truly well preserved villages; it has developed naturally over 1000 years and an immediately significant development and destroy its character and the business it generates from tourism                       |
| 13b.42 | 8100  | Pembridge parish/village has a unique character and is one of a small and diminishing number of truly well-preserved villages; it has developed naturally over 1000 years and in immediate significant development may destroy its character and the business it generates from tourism.                        |
| 13b.43 | 7017  | Planning legislation is making Herefordshire & all rural areas into museum pieces. Any interesting schemes are invariably treated with the comment (No)!! Society needs to progress and move on   |

|        |       |  |
|--------|-------|--|
|        |       | unless it will die!!   |
| 13b.44 | 10071 | Please build more but not an estate. Make sure landowners pass benefit to village.   |
| 13b.45 | 8070  | Redundant buildings in the hamlets are often by their nature in countryside away from Pembridge main settlement and therefore not accessible. Employment/local services by transport other than a car and such by their nature would not be acceptable for planning without a policy review.                     |
| 13b.46 | 1002  | See above e.g. the old carpet warehouse would be an ideal site.  |
| 13b.47 | 8034  | Small time with vernacular details should be allowed without making the villages "dormitory". Encourage all types of building workshops for home working   |
| 13b.48 | 10088 | There should be a mixture of those I have ticked, under no circumstances should permission be given for modern or contemporary homes/buildings to be built. This is a conservation area but also mainly listed black & white buildings.  |
| 13b.49 | 8077  | There should be a time-limit for completion and occupation imposed Several houses being "done up" but remaining empty for years effectively reducing housing stock and to detriment of look of village   |
| 13b.50 | 7009  | To build in hamlets raises traffic issues & infrastructure problems. There is an industrial estate unused in Leominster where work units could be located  |
| 13b.51 | 1018  | Too many infrastructure problems - poor drainage, flooding, power cuts, low water pressure. Bus service cut, and too much reliance and dependence on cars. On-street parking a NEED where there are no garages in older properties.  |
| 13b.52 | 8003  | Too many of the questions steer towards an assumption of certain development not enhancing current provision, its take up and repair   |
| 13b.53 | 1017  | Water pressure is low and inconsistent. Frequent power cuts esp. in bad weather. Surface water flooding is an issue. Drainage is bad - combined storm/foul sewer goes straight into the River Arrow. It is not possible to live here without a car. Bus service recently reduced.                                |
| 13b.54 | 10024 | We must not be afraid of change, not too many strict regulations. We should encourage a mixture of properties in appearance and occupants.   |
| 13b.55 | 10087 | We need family sized homes with family sized gardens to attract new families here and help existing families stay. Hardly any houses have been built for many years and now the pre-school and school are suffering. The new houses that have been built look good & fit in well and are full of young families. |
| 13b.56 | 10078 | We need homes for farm workers & their families.   |

#### 14 Are there specific locations around Pembridge that you feel are important to safeguard and protect against development of any kind? Please state location and give a reason for protection

| Ref No. | 14 Are there specific locations around Pembridge that you feel are important to safeguard and protect against development of any kind? Please state location and give a reason for protection  |
|---------|--|
| 14.1    | 1017 1) Please pay particular regard to conserving the few remaining green spaces at the rear of houses or between them. 2) Please stop the <i>named company</i> habit of cramming too many expensive big houses into tiny plots with no garden.             |
| 14.2    | 8029 20-30 homes (including conversions etc) should be able to be all accommodated over a 20 year period while safeguarding the area as a whole  |
| 14.3    | 8080 All areas on the edge of village need safeguarding to preserve the ethos, village structure and ensure village does not 'outgrow' its facilities  |
| 14.4    | 8061 All 'green' areas - use brown areas only  |
| 14.5    | 10021 All open spaces around the village. Pembridge is a good size already. Roads cannot support more traffic.   |
| 14.6    | 10008 All present green land. There is no reason for Pembridge to expand beyond its present boundaries no pressure for housing exists.   |
| 14.7    | 10019 All the land down to the curl brook behind the houses north of West Street. To retain the setting of the listed buildings and to enable residents & tourists to enjoy the remarkable view of the Arrow Valley from the Radnorshire Hills to Clee Hill. |
| 14.8    | 8077 Ancient burgage plots. These provide visual open spaces and are part of the medieval fabric. Development would destroy them forever. Also difficult due to access from A44  |
| 14.9    | 10020 Any adjoining Burage Plots - Heritage. Any land with access onto Bridge Street as too much traffic already comes onto the junction by the shop.  |
| 14.10   | 10056 Any further building outside the existing greenbelt.   |
| 14.11   | 10060 Anywhere overlooking the rear of existing houses.  |
| 14.12   | 7023 Areas along the river, market hall, church and bell tower   |
| 14.13   | 7033 Areas around church, shops, school  |

|       |       |  |
|-------|-------|--|
| 14.14 | 7032  | Areas away from A44 close to school, village hall as traffic is already excessive here   |
| 14.15 | 8024  | Areas of conservation  |
| 14.16 | 7005  | Areas with historical buildings  |
| 14.17 | 1021  | Around church - open space for peace and quiet. Village green - open space.  |
| 14.18 | 7066  | Around Long Meadow & River Arrow   |
| 14.19 | 7002  | Around the church and behind Court House Farm  |
| 14.20 | 7078  | Around the Court Farm. Mere ditch. Long Meadow   |
| 14.21 | 1004  | Bearwood Lane - Broxwood (self interest)   |
| 14.22 | 7009  | Burgage plots; village green: conservation area  |
| 14.23 | 7017  | By all means the control medieval heart of Pembridge. The rest of it could do with a move on!  |
| 14.24 | 8098  | Church (protection for all buildings over a certain age)   |
| 14.25 | 10078 | Church grounds, Court House monument, listed buildings, Millennium Meadow & surrounds, village green.  |
| 14.26 | 7012  | Church yard - Millennium Meadow and surrounding land. Village Green  |
| 14.27 | 8001  | Church, main street, butter market - these date from the early origins of the village, are of huge historical importance and give the village its essential character  |
| 14.28 | 8100  | Church, Main street, Butter market. These date from the early origins of the village, are of huge historical importance and give the village its essential character   |
| 14.29 | 8047  | Close to church, school, belfry and market hall or heart of village - to maintain the distinctive black and white of Pembridge. Riverside needs protecting   |
| 14.30 | 10036 | Common green spaces within Pembridge village. Rural locations other than hamlets.  |
| 14.31 | 10052 | Common land around river and well used by families.  |
| 14.32 | 8062  | Common land. Once lost never to return   |
| 14.33 | 7064  | Community green common next to river. The splash protecting natural wild life habitat  |
| 14.34 | 7025  | Conservation of the central area   |
| 14.35 | 8066  | Don't know   |
| 14.36 | 8032  | Don't know   |
| 14.37 | 8030  | Existing conservation and protected areas. Reason :- in order to maintain core character   |
| 14.38 | 1014  | Existing orchards  |
| 14.39 | 7013  | Farm land. To the south of the village drainage and water supply are a problem and houses are cut off even from emergency services twice a day at least, and we need to produce food.  |
| 14.40 | 7010  | Farmland to cut down imports   |
| 14.41 | 7065  | Field east of Parsons walk. Too near sewerage works/access. Good open used space for walkers, with two bridle paths.   |
| 14.42 | 8038  | Fields immediately adjacent to west end of village. An fields adjacent to Curt Brook/Arrow River   |
| 14.43 | 10053 | Flood plains.  |
| 14.44 | 7073  | Green fields which are the essence of our glorious countryside   |
| 14.45 | 10049 | Greenfields.   |
| 14.46 | 8048  | Heritage areas (around the church and directly adjoining riverside recreational amenities, also the old market square)   |
| 14.47 | 8056  | History  |
| 14.48 | 7056  | I find the visual impact of the <i>chicken sheds</i> & the anaerobic digester plants by <i>named company</i> - no screening is required for what is effectively industrial development in countryside + traffic movements these cause                |
| 14.49 | 1023  | I would hope that the central village with it's historic housing and mature trees would be protected. I think mature trees are often needlessly sacrificed to development and thus the aesthetics of the environment changed for the worse.          |
| 14.50 | 8084  | Land adjacent to the River arrow - natural beauty  |
| 14.51 | 10034 | Listed buildings, they are our heritage.   |
| 14.52 | 7024  | Main central area of Pembridge historic b&w houses   |
| 14.53 | 8004  | Main village and Broxwood  |
| 14.54 | 10030 | Market Hall, Church & Belltower, areas along the river.  |
| 14.55 | 7053  | Market Hall, Millennium Meadow   |
| 14.56 | 10064 | Millennium Field & Long Meadow, community events are held here.  |
| 14.57 | 10071 | Millennium meadow, church, orchards (or plant new orchards) river, business land. but they should consult properly - not just tell you what they are doing. Landowners are going to get very rich unless we spread developments into lots of places. |
| 14.58 | 8051  | Millennium Meadow  |
| 14.59 | 7081  | Millennium Meadow, flood plains  |
| 14.60 | 7058  | Millennium Meadow, land adjacent to parish hall to 'future proof' the space for any future   |

|        |       |   |
|--------|-------|---|
|        |       | village needs   |
| 14.61  | 7045  | Need to take account of impact on River Arrow - not only its water quality but flooding behaviour   |
| 14.62  | 8090  | No  |
| 14.63  | 7019  | No  |
| 14.64  | 8081  | No building or extension of existing village boundary   |
| 14.65  | 8095  | NO extensions to any local chicken business   |
| 14.66  | 8094  | No extensions to chicken business   |
| 14.67  | 8092  | No more homes in flood areas or main road through Pembridge   |
| 14.68  | 7044  | No view   |
| 14.69  | 10024 | Not particularly.   |
| 14.70  | 1022  | One would hope that nobody would consider developing in areas like the churchyard - obviously on grounds of history and its peaceful position.  |
| 14.71  | 8096  | Our dark skies, orchards, old woodland and hedgerows are incredibly important to biodiversity and haven for quiet space... We need to protect that which is irreplaceable, once lost gone forever |
| 14.72  | 8028  | Pembridge meadow - safe area for walking  |
| 14.73  | 1018  | Preservation of green spaces - too much pressure to infill which ruins the pattern of the settlement. <i>Named company</i> take not!  |
| 14.74  | 8050  | Principally the High street   |
| 14.75  | 10051 | River ( The Green )   |

## 26 Do you think any of these businesses/enterprises should be encouraged/supported in Pembridge Parish? Other (please specify):

Note: Anonymised comments are shown in italics

|       | Ref No. | 26a Other (please specify)   |
|-------|---------|--|
| 26.1  | 8002    | "F and D" production should only be small scale and growth monitored   |

| 26.5  | 8022    | Any business should be encouraged  |

| 26.7  | 10071   | Educational.   |
| 26.8  | 8042    | Financial - only if it were a post office/bank/building society  |
| 26.9  | 8034    | Light industry - yes   |

| 26.11 | 1017    | Local food production and retail   |
| 26.12 | 10078   | <i>Named Industrial company.</i>   |
| 26.13 | 8038    | Non-industrial, medium sized agricultural activities should be a priority, with facilities to "add-value" on the farm or in the village  |
| 26.14 | 10088   | Regarding financial only if it was a post office, bank or similar. As for retail, only small shops or unusual which would not impact on those already here.  |
| 26.15 | 1022    | Respondent has crossed out "encouraged" in question and asterisked 'food and drink production', 'catering' and 'financial' and written *some of these suggestions are suitable for business at/from home and could be supported. |
| 26.16 | 1021    | Respondent has written "enough already" by 'public house etc' and "maybe" by 'retail' and 'financial'. Also written no objection to these but not sure that they particularly need encouragement.                                |

|       |      |  |
|-------|------|--|
| 26.17 | 8042 | Small businesses such as shops, post office/bank/building society, restaurants/pubs/cafes, studios are ok, but this area cannot cope with any more heavy traffic than it already does which new industrial business would bring. |
| 26.18 | 7052 | Small scale' against food/drink option   |
| 26.19 | 8044 | Wedding/events venue (for recreational courses such as flower arranging, interior design, cookery etc)?  |

**27 Do you feel any of the following initiatives might encourage new businesses to locate to Pembridge parish? Other (please specify):**

---

|       | Ref No. | 27a Other (please specify)   |
|-------|---------|--|
| 27.1  | 10054   | Better Broadband.  |
| 27.2  | 10078   | Better road maintenance.   |
| 27.3  | 8034    | Better transport links - wow?  |
| 27.4  | 10072   | Broadband quality is a major need.   |
| 27.5  | 8036    | Bypass to village  |
| 27.6  | 8030    | Conservation/adaptation of existing building for business use  |
| 27.7  | 7064    | Have major concerns over volume of traffic transiting through village  |
| 27.8  | 7025    | Improved broadband - VITAL!  |
| 27.9  | 7052    | Improved broadband & Shared/flexible/cooperative business facilities such as conference rooms or storage - great idea  |
| 27.10 | 8096    | Improved public transport - yes. A bypass could be a nightmare - improving the Lyonshall-Shobdon link could reduce pressure on the 'High street' in Pembridge - or moving the 'Gove'!  |
| 27.11 | 10021   | Pembridge is a rural and should remain so.   |
| 27.12 | 10020   | Pembridge should remain a rural village.   |
| 27.13 | 7024    | Purpose built work premises such as workshops - small  |
| 27.14 | 1005    | Respondent crossed out "increased" in 'improved/increased housing stock for staff'.  |
| 27.15 | 10087   | Shared facilities need to be modern, attractive, unique and low impact.. Good idea though.   |
| 27.16 | 10006   | Some sort of banking facility. A parcel drop / collection point.   |
| 27.17 | 10071   | Sort out the road and parking. Stop travellers using car park. Better housing & overnight accommodation.   |
| 27.18 | 8044    | The parking situation may need improving? Flexible/shared offices and workshop spaces = great idea. An enlarged village hall with attached commercial workshop/office would be an asset to all - offices could share the spaces  |
| 27.19 | 8042    | This is a village with small hamlets within its parish, it is not a town. If you allow industrial businesses/parks within the parish, which will increase the need to house employees, you run the risk of this no longer being a "village" parish, but becoming a town! |
| 27.20 | 8003    | Workshops yes - offices no   |

**28 Are there any effects of existing or potential enterprise/industry that you feel need to be considered and or mitigated? Other (please specify):**

| 28.1 | 8077    | A44 too narrow through village to cope with large lorries - pavements are regularly damaged by existing traffic |
| 28.2 | 8022    | All need to be considered but also the farming community has to have access all year                            |
| 28.3 | 7073    | All of the above (traffic, noise, environmental impact, light pollution) if building of houses takes place      |

| 28.19 | 8044  | The volume of traffic and size of HGV's and tractors is now very dangerous and undermines our tourism attraction |
| 28.20 | 10064 | Too many HGV going through the village.  |
| 28.21 | 10021 | Traffic & lack of pavements spoil the village.   |
| 28.22 | 7056  | Traffic movements of HGV's are wrecking the pavements & stopping people from enjoying the village, dangerous     |
| 28.23 | 10088 | You are forgetting infrastructures of gas, electric sewage etc. the list will increase if new housing is built.  |

**Please leave any general comments regarding Enterprise and the local economy here:**

*Note: Anonymised comments are shown in italics*

|       | Ref No. | 30a Please leave any general comments regarding Enterprise and the local economy here:   |
|-------|---------|--|
|       | 8002    | Another "mother and apple pie" question - no brainer   |
| 30.1  | 8034    | Buildings that demonstrate high levels of energy efficiency and sustainability - yes yes yes   |
| 30.2  | 7045    | Cycle routes - where realistic   |
| 30.3  | 7045    | Having recently set up a small bakery business there is a desperate lack of small workshop type facilities in the locality and I don't think the county council has yet got their head around work/live units - and maybe need to follow the innovation encouraged by other rural areas + National Parks   |
| 30.4  | 8062    | Held back by poor broadband speeds   |
| 30.5  | 10024   | I am of the opinion that sometimes , the 'environment' and its protection becomes too much of an obstacle when trying to support human activity. We must all be aware of global warming and its effect but individual trees and hedgerows can be replaced.   |
| 30.6  | 8044    | If we support some rural enterprise it will benefit the entire community. However the traffic issues would need consideration especially HGV and agricultural vehicle use of the A44. I'm wary of further industrial/agricultural development such as chicken sheds and AD because the village/parish gets all the negatives (HGV's, smells, loss of production land) but no benefits. Financially only the farmers benefit and very few jobs are created. I feel Pembridge has reached saturation for these types of development - in a local and natural context. Recent vehicles (HGV's) turning onto Bridge Street could be related to the <i>new chicken sheds, AD plants etc</i> |
| 30.7  | 10006   | Is there any way of diverting heavy goods traffic from the centre of the village? ( a tunnel? ) A speed camera and a safe crossing point could help now.   |
| 30.8  | 1024    | Light industrial or manufacturing companies to be away from housing. More appropriate/wider roads to any planned additional services.  |
| 30.9  | 8048    | New businesses should be encouraged in principle but consideration needs to be given to rest in term of traffic noise/congestion   |
| 30.10 | 10046   | No more chicken houses please!   |
| 30.11 | 7013    | Our village is a precious remnant of rural England. Don't spoil it.  |
| 30.12 | 1004    | Pembridge need, would need a very efficient small medical centre and transport.  |
| 30.13 | 8084    | Poor broadband speed and very poor mobile reception are a major problem  |
| 30.14 | 1017    | Respondent has underlined 'attractive' and written "sympathetic" beside it   |
| 30.15 | 8003    | Should "blend in" - one persons views of "attractive" is not another's. Who to decide?   |
| 30.16 | 8092    | Signage, street furniture and advertising that respects the locality - less of it  |
| 30.17 | 10021   | The shops in Pembridge are well supported - there is no need for any more. Pembridge must remain a rural village.  |
| 30.18 | 8074    | There's too much ugly/badly maintained signage in Pembridge in my opinion  |
| 30.19 | 1022    | These questions seem to imply unsuitable development (industrial etc.) might be considered - surely this is mainly a residential area!!!   |
| 30.20 | 8042    | Too late already done so in "other" area of questions. Saying that though, it needs to be made quite   |

|       |       |  |
|-------|-------|--|
|       |       | clear that Pembridge Village in particular, needs to be protected and kept as a "village", as does the parish as a whole!  |
| 30.21 | 10071 | Too many signs in Pembridge - would be nice to see more ' heritage ' colours for doors, windows, shop fronts.  |
| 30.22 | 10087 | Very concerned about the impact ( negative ) of the recently built poultry houses AD plants etc. The cumulative impact is already dreadful. HGV traffic has increased, smells, vision impact on landscape, changing agriculture into industry for the financial benefits of very few but without any mitigation for the village. Pembridge is a bustling, vibrant and busy village and has a great range of enterprises - we should support & encourage this vibrancy as it makes us unique.   |
| 30.23 | 10088 | We do not want any sort of industrial development in our parish. It is not environmentally friendly and this area is not industrial. Cities and town are so we need to protect our parish environment. With any new developments of any kind, brings more infrastructure, more pollution, more traffic more damage to our roads and our living environment. Pembridge is a village not a town but when does a village become a town? We need to protect what we have, and what we have in Pembridge is very special and in the parish as a whole is very precious. |
| 30.24 | 10020 | We have thriving shops already, do not think there is any need for more. Pembridge is a rural economy & should remain so.  |
| 30.25 | 7017  | We need an influx of new young people to the area, otherwise it will all become an old peoples home  |
| 30.26 | 8096  | We need businesses to develop work opportunities and diversity of employment opportunities. We also live in a valuable and fragile historical and bio-diverse area. Any businesses setting up needs to demonstrate its commitment to these sensitivities.  |
| 30.27 | 8077  | Whilst a by-pass may damage enterprises such as pubs, cafes, gallery it might enable housing and industry to be developed and would improve the visitor experience   |
| 30.28 | 8022  | Whilst increasing the number of houses in the parish is a good thing, we have to remember food production and agriculture is important in rural areas. Occasionally weather presents challenges and we have to harvest crops through the night. And I do not want to be stopped from operating my business due to noise/traffic on these rare occasions.   |
| 30.29 | 7056  | Whilst the above should be encouraged, it has to be done in a way that isn't prohibitive to businesses. Particularly businesses offering skilled/well paid work should be incentivised if anything   |

| 31.13 | 7078    | No building on in-fill sites i.e. behind the existing street arrangement  |
| 31.14 | 10088   | Our ancient listed buildings themselves, which are to some of us our home.  |
| 31.15 | 1018    | Preservation of mature trees, green space between houses, wildflower areas. Too much tidying, cutting, trimming.  |
| 31.16 | 8042    | The ancient listed buildings themselves, especially those on West street/High street/East street that are daily battered by the continual heavy traffic of highway maintenance lorries and other large lorries day and night! |
| 31.17 | 1004    | The church is needy of people and financial support (important)   |
| 31.18 | 10006   | The Orchards, the village greens, the area by the bridge on both sides of the river.  |
| 31.19 | 10081   | The vestiges of Pembridge's medieval farming system e.g. Strip field of Morley Lane, private closes, unimproved pastures etc.   |
| 31.20 | 10078   | Village green.  |

### 32 Which of these facilities and services do you value within Pembridge Parish Other (please specify):

|       | Ref No. | 32a Other (please specify)  |
|-------|---------|---|
| 32.1  | 1004    | A surgery - part-time? - is necessary   |
| 32.2  | 1018    | But the surgery is closing!   |
| 32.3  | 8042    | Caravan, camping parks - This is within the farmers land at end of the village and purpose built park. B&Bs... - Those are within private homes and businesses within the village as far as I am aware, and not purpose built. Surgery - please note the surgery has now closed |
| 32.4  | 8051    | I value all of them but don't use them all  |
| 32.5  | 7061    | N/A - surgery closing   |
| 32.6  | 8066    | Pembridge doctors surgery closing?  |
| 32.7  | 8044    | Playground could be so much better, needs improving   |

| 32.25 | 1028    | Surgery closing   |
| 32.26 | 10064   | Surgery N/A.  |
| 32.27 | 10006   | The bus service & the surgery appear to be vulnerable to cuts and both are needed.  |
| 32.28 | 10078   | The trees, village green.   |
| 32.29 | 8022    | Village green and the countryside   |
| 32.30 | 8057    | Visitor toilets - where?  |
| 32.31 | 8037    | We need the surgery desperately!  |
| 32.32 | 7062    | What surgery!   |
| 32.33 | 7081    | WHAT surgery???   |
| 32.34 | 7012    | What!!' written against 'bus service' option and 'N/A' next to surgery option   |
| 32.35 | 7027    | Will the surgery re open!   |
| 32.36 | 7004    | With reference to surgery option: I don't use this surgery but I do know it doesn't function well & does not meet user need. We need a replacement surgery which is run properly  |

| 33.86  | 10087 | Tennis court. Bigger, better playground, more use of Millennium meadow. Enlarged/ improved village hall would be good and help generate income & community spirit                     |
| 33.87  | 10071 | Tennis Courts? Better playground. More on the Millennium Meadow.  |
| 33.88  | 10059 | The doctors surgery would be nice!  |
| 33.89  | 8077  | The playground area could be improved and area regularly mown to enable football etc to be played. An outdoor gym could be considered   |
| 33.90  | 8052  | The road through the village is unsuitable for heavy traffic. A by-pass is needed   |
| 33.91  | 8031  | The village through road totally unsuitable for 'heavy' traffic   |
| 33.92  | 7072  | There are currently no facilities for sport! One or two would bring people together (eg Bowling green/tennis courts/cricket club/football club). Social & health benefits would occur |
| 33.93  | 8049  | Traffic calming   |
| 33.94  | 1004  | Transport (people carriers?)  |
| 33.95  | 10088 | We need a new Doctors Surgery and a Post Office or bank, cash point of sorts at least for those unable to travel especially the elderly.  |
| 33.96  | 8064  | What facilities? To advise all residents of services/facilities   |
| 33.97  | 8051  | Would like to see something done with the Millennium Meadow   |
| 33.98  | 10025 | Youth centre with facilities for indoor sports & refreshments ( non-alcoholic)  |
| 33.99  | 10065 | Youth Centre.   |
| 33.100 | 10083 | Youth Club  |

### 35 If No which facilities do you feel are needed

|       | Ref No. | 35 If No which facilities do you feel are needed   |
|-------|---------|--|
| 35.1  | 8077    | (See 33 - The playground area could be improved and area regularly mown to enable football etc to be played. An outdoor gym could be considered) More opportunities to meet outside school hours - informal access to tennis courts? Skateboard - evening cafe |
| 35.2  | 10050   | A better play area - larger and for older children.  |
| 35.3  | 7077    | A central 'community' focus area, to encourage young people in a positive manner - rather than just leaving them to hang round   |
| 35.4  | 8097    | A playground more suited to older children. Even clubs   |
| 35.5  | 7057    | A youth club. Tennis court   |
| 35.6  | 1014    | Best to ask young people in Pembridge  |
| 35.7  | 1019    | Better play area.  |
| 35.8  | 1015    | Better playground area/tennis courts   |
| 35.9  | 8051    | Between being too old for the play ground and too young to drive there's nothing in the village  |
| 35.10 | 10071   | Bigger, more modern play area for older children.  |
| 35.11 | 8020    | But would they use them  |
| 35.12 | 10033   | Camera club, running & cycling groups etc.   |
| 35.13 | 7032    | Clubs, groups for children. Internet cafe  |
| 35.14 | 10056   | Development of Millennium Meadow for the young.  |
| 35.15 | 8089    | Don't know Pembridge well enough   |
| 35.16 | 7056    | Enlarged playground, shelter on Millennium Meadow  |
| 35.17 | 7021    | Facilities at the existing playground could be improved  |
| 35.18 | 8096    | Film nights/talks/music nights in the village hall geared towards younger people? Develop environs for better 'hang out' space?  |
| 35.19 | 8049    | Football pitch, cricket pitch, youth groups, tennis court  |
| 35.20 | 7014    | If the surgery stays open  |
| 35.21 | 10087   | Improved play ground, tennis court, safer pavements, more footpaths away from road.  |
| 35.22 | 10028   | Improved play park suitable for children up to age 16/18. Landscape part of Millennium Meadow for bikes etc.   |
| 35.23 | 8042    | It would be good if they had some sort of "club" they could go to and meet up with friends, it could also serve a younger age group earlier in evenings  |
| 35.24 | 7017    | It's too small! Even Hereford has only recently acquired a decent cinema   |
| 35.25 | 10079   | Landscaping part of Millennium Meadow, for bikes/RC cars etc..An improved play park - suitable for all ages to 16, teenage meeting place.  |
| 35.26 | 8056    | Large playing field  |
| 35.27 | 8044    | Larger, better playground, shelter/ structure on MM, tennis court, Better/safer pavements  |
| 35.28 | 10040   | Leisure, sport, Youth Club, Skate Board Park.  |
| 35.29 | 10039   | Leisure, sport.  |
| 35.30 | 10088   | Maybe a youth club for teenagers to meet friends which could double up for younger children's needs too.   |
| 35.31 | 7001    | Meeting place / sports field   |
| 35.32 | 8011    | Meeting places i.e. clubs  |
| 35.33 | 7019    | More activities for all ages, fun & instructive to engage young people in community  |
| 35.34 | 8038    | More direct engagement but YOU NEED TO ASK THEM!! - THIS FORM DOES NOT   |
| 35.35 | 1024    | More youth provision (brownies/cubs/youth clubs, Small library service (even if integrated with existing facility i.e. shop or village hall).  |
| 35.36 | 7012    | Netball or tennis type court or skating  |
| 35.37 | 7016    | Older children's playground - obstacle course??  |
| 35.38 | 10009   | Place to meet.   |
| 35.39 | 8062    | Playing field  |
| 35.40 | 10024   | Possible youth groups or available transport to existing groups.   |
| 35.41 | 8099    | Recreational clubs   |
| 35.42 | 8098    | Recreational clubs   |
| 35.43 | 8019    | Scouts, guides, youth club   |
| 35.44 | 7060    | Skate park, basket ball court, tennis court, better football pitch   |
| 35.45 | 10010   | Somewhere to meet.   |
| 35.46 | 10017   | Sorts clubs - improve use of Millennium Meadow.  |
| 35.47 | 7071    | Specified cycle routes/walking routes. Youth clubs   |

|       |       |  |

| 35.51 | 8021  | Sports clubs   |
| 35.52 | 7047  | Sports facilities/football/cricket/tennis/etc. Youth club?   |
| 35.53 | 10006 | Sports provision, a place to hang out.   |
| 35.54 | 7076  | Teenage facilities totally lacking need developing in consultation with local teenagers                                |
| 35.55 | 7074  | Teenager facilities, determined by teenagers   |
| 35.56 | 1016  | Teenagers can't go to the pub and need something to keep them occupied.  |
| 35.57 | 8047  | Tennis court, basketball court   |
| 35.58 | 10008 | Tennis Courts.   |
| 35.59 | 7053  | The playground needs improving and updating - more equipment for older children  |
| 35.60 | 10046 | There are enough facilities for younger children but we need better outdoor play facilities for children ages 11- 16 . |
| 35.61 | 7028  | Upgraded playing area for older children. Other sports facilities e.g. tennis court, skateboard area                   |
| 35.62 | 7078  | We used to have a youth club, shooting club, snooker table in the old village hall. No more.                           |
| 35.63 | 8064  | What facilities?   |
| 35.64 | 10025 | Youth centre with facilities for indoor sports & refreshments ( non-alcoholic)   |
| 35.65 | 10065 | Youth Centre.  |
| 35.66 | 7037  | Youth centres , after school clubs   |

|       | Ref No. | 37 If No which facilities do you feel are needed?  |
|-------|---------|--|
| 37.1  | 10025   | A good pavement, pedestrians along East Street.  |
| 37.2  | 7040    | Although public transport is poor!   |
| 37.3  | 7077    | Better access to the shop - it's a fantastic facility but hard to get to for the elderly - or maybe a delivery service |
| 37.4  | 7049    | Better bus service & doctors surgery   |
| 37.5  | 10077   | Bus service to Kington.  |
| 37.6  | 7064    | Church village hall bingo dances etc   |
| 37.7  | 1013    | Could we have "flicks in the sticks".  |

|       |       |   |
|-------|-------|---|
| 37.18 | 8081  | Good bus service. Post office. Surgery to remain open and have proper service facilities i.e. be able to make appointment to see a doctor within reasonable timescale                   |
| 37.19 | 10040 | Housing, Meals on Wheels, Meeting/ socialising.   |
| 37.20 | 10041 | Housing.  |
| 37.21 | 10088 | If not already in place a regular weekly dinner for elderly done by volunteers. I know in some places they do this in the south of England.   |
| 37.22 | 8042  | If not already maybe a weekly or monthly dinner at local village hall or similar so they get company maybe volunteers to collect and take them home too                                 |
| 37.23 | 7014  | If the surgery stays open   |
| 37.24 | 10087 | Improved Alm's houses   |
| 37.25 | 1019  | Improved bus service!   |
| 37.26 | 8080  | Lack of good bus service and now closure of surgery   |
| 37.27 | 8047  | Lunch club for the elderly with transport   |
| 37.28 | 10024 | Lunch clubs, transport.   |
| 37.29 | 7017  | More houses. Maybe an area for small industry   |
| 37.30 | 10016 | More social get togethers for outlying areas & better transport to them.  |
| 37.31 | 8044  | New Alms houses perhaps. Safer pavements. Prescription drop off service   |
| 37.32 | 8058  | No surgery NOW. Poor bus service  |
| 37.33 | 10034 | Pavements & improved access/transport/day facilities/medical facilities.  |
| 37.34 | 8008  | Please don't close Pembridge surgery! and a seat at the bus stop  |
| 37.35 | 10006 | Post office counter, doctor or nurse, transport.  |
| 37.36 | 1021  | Sheltered accessible accommodation for elderly. Post Office.  |
| 37.37 | 8099  | Social club (lunch club?)   |
| 37.38 | 8098  | Social clubs  |
| 37.39 | 10059 | Social space/ craft club etc.   |
| 37.40 | 7020  | Surgery   |
| 37.41 | 7009  | Surgery   |
| 37.42 | 7048  | Surgery, PO, bus  |
| 37.43 | 10028 | Surgery.  |
| 37.44 | 10075 | The closure of the surgery is a disaster for the village.   |
| 37.45 | 7072  | There are currently no facilities for sport! One or two would bring people together (e.g. Bowling green/tennis courts/cricket club/football club). Social & health benefits would occur |
| 37.46 | 1004  | There is much kindness and care in existing village   |
| 37.47 | 7031  | Transport & doctor's surgery  |
| 37.48 | 10039 | Transport, Better surgery/ Doctor.  |
| 37.49 | 8038  | Transport, doctor surgery operated efficiently  |
| 37.50 | 7017  | Unless something improves it will be just an old peoples home!  |
| 37.51 | 1015  | Use of internet   |
| 37.52 | 10011 | Zebra crossings over the A44 in village. More country bus routes. Grab rails by the Steppes.  |

## 42 Do you have any other suggestions how traffic issues may be improved?

|       | Ref No. | 42 Do you have any other suggestions how traffic issues may be improved?                                      |
|-------|---------|---|
| 42.1  | 1005    | 1) Lower the weight restriction on Bridge Street bridge. 2) Fortify the bollards further @ t junction to A44. |
| 42.2  | 10025   | A bypass.   |
| 42.3  | 1024    | A road circumventing Pembridge village centre for use by heavy goods vehicles                                 |
| 42.4  | 7025    | A44 by-pass or relief road  |
| 42.5  | 1018    | Any measures to slow speed and enhance care of traffic on A44. SINGLE lane priority by New Inn.               |
| 42.6  | 7071    | Apart from a by-pass! Speed limit through village 20mph or lower. Giant lorries banned!                       |
| 42.7  | 1003    | Ask the emergency services to slow down before they kill someone. make more use of SID's                      |
| 42.8  | 8099    | Ban lorries HGV from centre of village  |
| 42.9  | 1026    | Ban massive lorries   |
| 42.10 | 7065    | Better & more visible signage   |
| 42.11 | 1013    | Better maintenance of roads. Stop parking round market hall.  |
| 42.12 | 7029    | Better road quality   |

|       |       |  |
|-------|-------|--|
| 42.13 | 10019 | Bollards along some pavements to prevent traffic from driving along them and to help pedestrians to feel safer.  |
| 42.14 | 1008a | Build a by-pass  |
| 42.15 | 8036  | Build bypass mainly to divert quarry lorries and farm tractors and trailers  |
| 42.16 | 7014  | Build Eardisley a by-pass and divert the A44 there. It would help Lyonshall too.   |
| 42.17 | 8093  | Bypass   |
| 42.18 | 1015  | Bypass   |
| 42.19 | 7060  | By-pass  |
| 42.20 | 7055  | By-pass  |
| 42.21 | 7054  | By-pass  |
| 42.22 | 8048  | Bypass (long term solution perhaps); occasional speed patrols; more visible HGV signage north of Bridge Street   |
| 42.23 | 10080 | Bypass needed.   |
| 42.24 | 8008  | Bypass Pembridge   |
| 42.25 | 8006  | Bypass Pembridge   |
| 42.26 | 7068  | By-pass through Pembridge  |
| 42.27 | 10071 | Bypass.  |
| 42.28 | 10026 | Bypass.  |
| 42.29 | 7078  | By-pass. This will also give you in-fill space for new houses  |
| 42.30 | 7004  | Bypass; Re-route lorries; Railway line - open.   |
| 42.31 | 7019  | Clear signage for roads unsuitable for H.G.V   |
| 42.32 | 7053  | Cut down on the number of cars parking in front of the shop/Red Lion - sign posts for village hall car park  |
| 42.33 | 7012  | Cut roadside hedges, verges/especially at junctions and maintain ditches   |
| 42.34 | 10078 | Cut the roadside hedges.   |
| 42.35 | 7056  | Definitely shared space/naked roads/mix of surface materials/by-pass   |
| 42.36 | 7081  | Designated on street parking to slow traffic   |
| 42.37 | 10072 | Direct trucks & lorries away from village centre if possible.  |
| 42.38 | 8055  | Divert heavy load vehicles   |
| 42.39 | 10020 | Divert tarmac lorries down the Rhyse Lane.   |
| 42.40 | 7026  | Divert Tarmac wagons   |
| 42.41 | 8001  | Divert traffic from village centre (alternative route outside village environs). Possibly subterranean.  |
| 42.42 | 8041  | Eliminate heavy goods vehicles   |
| 42.43 | 7074  | Enforce 20mph from Townsends farm shop to Bylets   |
| 42.44 | 7039  | Enforced weight limits   |
| 42.45 | 8044  | Entrance chicanes need changing, remove white lines, improve and add pavements, increase planting, add cobbles, make Bridge street, Bearwood lane etc inaccessible to HGV's                            |
| 42.46 | 1028  | Get heavy lorries out of village   |
| 42.47 | 8092  | Get Quarry lorries and regular heavy traffic on railways (used to run well)  |
| 42.48 | 7082  | Herefordshire council to erect new signage at Bainsrey Cross showing HGV the way to Kingspan (similar to Rise Lane at Lyonshall)   |
| 42.49 | 8098  | HGV lorry ban from centre of village   |
| 42.50 | 8038  | I really like the idea of shared space and to prioritise pedestrians. The village should be a pedestrian space first   |
| 42.51 | 10073 | I would support any suggestions that could reduce speed of traffic through village and also by some means prevent heavy lorries using that road.   |
| 42.52 | 10006 | If we can't divert heavy goods traffic then - we need a proper pedestrian crossing.  |
| 42.53 | 10087 | Improve pavements and ensure new houses are built away from road, but can access facilities on foot.   |
| 42.54 | 7079  | Improve road surface on A44 through Pembridge  |
| 42.55 | 8049  | Improved signage for HGV's (?different languages)  |
| 42.56 | 8096  | Improving Lyonshall/Shobdon route. The Gove transport is a problem - restricting access through the village maybe help divert them down an improved route but what impact on Shobdon? NIMBY I'm afraid |
| 42.57 | 1016  | Investigate a possible re-route of the A44 through a new dedicated road that avoids Pembridge.   |
| 42.58 | 8050  | It's a main road live with it or move  |
| 42.59 | 10021 | Large lorries should be made to use the Rhyse Lane to Shobdon - they are a danger in the village.  |
| 42.60 | 8100  | Long term project for diversion of east/west bound traffic through Pembridge village centre for example construction of tunnel through surrounding area  |
| 42.61 | 10009 | Making it safe to walk down main street. Restrict size of lorries.   |

|        |       |   |
|--------|-------|---|
| 42.62  | 8070  | Mending of pot holes to increase. Safe traffic flow - within limits. Prevent vehicles swerving into path of oncoming vehicles   |
| 42.63  | 8003  | More off road parking   |
| 42.64  | 8002  | More off road parking on brown field site   |
| 42.65  | 7052  | More parking for residents to reduce roadside congestion and better speed reduction measures that ensure traffic is at correct speed as soon as they enter the village - at west end traffic is still fast!!        |
| 42.66  | 8077  | Much clearer signs discouraging lorry drivers from turning into Bridge street. Possible restrictions on size of farm vehicle using village  |
| 42.67  | 10059 | Need to look at traffic going past village hall towards the village - traffic comes too quickly into the road.  |
| 42.68  | 1014  | No - apart from by-pass   |
| 42.69  | 7057  | No parking outside the Red Lion. Speed restrictions on minor roads as there is an increased number of very large agricultural vehicles/tractors using them  |
| 42.70  | 10047 | No parking outside shop and Red Lion.   |
| 42.71  | 10046 | No parking outside village shop, Red Lion.  |
| 42.72  | 10088 | Our main problem is speeding day & night, nonstop therefore we need speed cameras set up through the main traffic areas, as well as speed bumps going across whole road width with 20 mph limit throughout village. |
| 42.73  | 7021  | Parking arrangements for school pick up/drop off times could be improved  |
| 42.74  | 10028 | Pedestrian Crossing by village shop.  |
| 42.75  | 7062  | Re-direct large lorries   |
| 42.76  | 7038  | Re-direct lorries   |
| 42.77  | 7032  | Reduce allowance of quarry lorries thro' village  |
| 42.78  | 10037 | Reduce tonnage in local areas.  |
| 42.79  | 10057 | Remove long term parking between 8 - 6 on main street.  |
| 42.80  | 8071  | Remove parking at 'Old Steppes' junction  |
| 42.81  | 1017  | Remove road markings - mostly. But use lines at sides to highlight the narrows at rear of New Inn and prevent recurring accidents and scrapes and damage.   |
| 42.82  | 8083  | Reroute heavy lorries away from the village centre  |
| 42.83  | 10010 | Restrict the size of lorries that can come through.   |
| 42.84  | 10039 | Restrict weight & speed of heavy traffic/lorries on minor roads. Speed bumps on minor roads.  |
| 42.85  | 10040 | Restrict weight of lorries & trailers on minor roads. Passing places on minor roads.  |
| 42.86  | 1002  | See below (Footpaths and pavements are poor. Walking from west end of village is most unpleasant and difficult. Never mind the ancient kerbstones - even it out.)   |
| 42.87  | 10058 | Send HGV's on a different route.  |
| 42.88  | 1004  | Speed bumps either end of village and 20 mph  |
| 42.89  | 7064  | Speed enforcement in place permanently with greater presence of local police traffic enforcement.   |
| 42.90  | 7006  | Speed limit   |
| 42.91  | 7003  | Speed limit   |
| 42.92  | 7037  | Stop all heavy traffic i.e. HGVs  |
| 42.93  | 10064 | Stop all HGV's over 7.5 cwts from using Bridge Street to get to Kingspan.   |
| 42.94  | 8085  | Stop all the lorries coming through!!!  |
| 42.95  | 8064  | Stop articulated lorries from using minor roads!  |
| 42.96  | 8032  | Stop heavy lorries  |
| 42.97  | 7048  | Stop large lorries coming through village they should be made to find alternative route!  |
| 42.98  | 8034  | Stop parking opposite Red Lion - trucks have to cross white line to get through only about 50m  |
| 42.99  | 7041  | Stop Tarmac wagons coming through village   |
| 42.100 | 8080  | Strict control re the size and weight of heavy vehicles through the village   |
| 42.101 | 7080  | Stricter regulations on noisy bodywork on lorries. Major improvement to road surfaces on A44  |
| 42.102 | 10075 | The A44 should be rerouted to follow the old railway line joining the A49 north of Leominster.  |
| 42.103 | 8097  | The heavy lorries coming through are a pain in the A but I can't see any solution unless it involves a bypass.... through a river?  |
| 42.104 | 8042  | The main problem is the heavy goods vehicles going through the village at great speeds day and night, therefore we do need speed cameras also to include speed bumps across whole road and 20mph speed limit!       |
| 42.105 | 7077  | There are still too many HGV's through the village - maybe re-routing them around the village? Road quality is poor   |
| 42.106 | 10081 | Use of bollards along certain critical sections of A44 to stop the illegal mounting of the pavement by HGV's in order to protect pedestrians.   |
| 42.107 | 7013  | We need something to slow down traffic from the West. Clamp down on dangerous parking.  |
| 42.108 | 8065  | Weight restriction  |

|        |       |   |
|--------|-------|---|
| 42.109 | 10065 | Weight restriction & length on lorries.   |
| 42.110 | 7005  | Where possible alternative routes for lorries   |
| 42.111 | 7045  | Whilst I don't use them, the pavements in Pembridge look in adequate especially on A49. Warning signs on Rhyse Lane that it's narrow at times |
| 42.112 | 10030 | Would be good to have speed limit signs returned when contractor takes them away to be painted or renewed.                                    |

**45 Do you feel Pembridge Parish needs infrastructure upgrades to the following Other (please specify):**

---

|       | Ref No. | 45a Other (please specify)   |
|-------|---------|--|
| 45.1  | 10088   | Any of the above but if new homes built it will all need doing and more.   |
| 45.2  | 8042    | As the village stands at the moment I would say the above, but if new homes are built then it will all need doing and more       |
| 45.3  | 8070    | Better school transport plan with common sense approach  |
| 45.4  | 1016    | Cycle paths (cross country)  |
| 45.5  | 10008   | Cycle paths.   |
| 45.6  | 8064    | Gas - What gas?  |
| 45.7  | 10006   | I wonder if we need a proper zebra or lights crossing in the centre of the village.  |
| 45.8  | 8030    | If bypass built existing roads are fine if maintained. If not regular resurfacing of A44 to keep noise to minimum                |
| 45.9  | 7013    | Keep on top of pot hole problem. Access to the south of the village needed during school run and occasional other events.        |
| 45.10 | 8002    | Lack of reliable/effective broadband will prevent business and enterprise  |
| 45.11 | 8077    | Map boards in public places suggesting way - marked routes would be helpful to visitors and residents                            |
| 45.12 | 7031    | Mobile phone coverage need drastic improvement   |
| 45.13 | 10043   | Mobile Phone signal.   |
| 45.14 | 10042   | Mobile phone signal.   |
| 45.15 | 7045    | Mobile signal; lots of properties not on mains water or gas and electricity supply seems to lack resilience (lots of flickering) |
| 45.16 | 1021    | Perhaps farmers using huge tractors and trailers that are doing damage to roads/pavements should contribute to repair.           |
| 45.17 | 7052    | Pot holes  |
| 45.18 | 7080    | Road surfaces  |
| 45.19 | 8093    | Roads - Bypass   |
| 45.20 | 7073    | Roads - potholes   |
| 45.21 | 8089    | Roads - potholes!  |
| 45.22 | 8058    | We don't have mains water/sewage or gas available  |
| 45.23 | 8003    | Would like gas!  |

*Note: Anonymised comments are shown in italics*

|      | Ref No. | 46a Please leave any general comments about Features Facilities and Amenities here:  |
|------|---------|--|
| 46.1 | 1018    | Better signage - too cluttered, and much of it freelance. Too many fuss and flowers, suburban. Riverside signs are prescriptive and not welcoming.   |
| 46.2 | 10073   | Biomass and solar panels only.   |
| 46.3 | 7052    | Broadband is a critical issue for business function  |
| 46.4 | 8001    | Broadly adequate   |
| 46.5 | 8100    | Broadly adequate to meet the demand. The profile of retirees/young families/agricultural employees/self employed is unlikely to change and excessive amenities unlikely to be utilised   |
| 46.6 | 8038    | Community renewable energy production  |
| 46.7 | 8044    | Could the MM/car park area be enlarged to create more parking? Pavements are very unsafe. Tennis court and enlarged village hall would be amazing. A44 needs to be addressed before an accident happens. Make sure all new development has a footpath/cycle link to village facilities. Can carpet |

|       |       |   |
|-------|-------|---|
|       |       | warehouse be purchased by the village for (landscaped) parking area? Too many cars parking on pavements, especially at West End.  |
| 46.8  | 7076  | Ensure footpath from Manley Lane to Manley Crescent is passable with pushchairs in winter to avoid walking to school on main road with terrible pavements for pushchairs & children   |
| 46.9  | 10078 | Existing infrastructure needs much better maintenance. Sewage system inadequate.  |
| 46.10 | 1002  | Footpaths and pavements are poor. Walking from west end of village is most unpleasant and difficult. Never mind the ancient kerbstones - even it out.   |
| 46.11 | 1015  | I would like to see the walkway which connects Manly Lane to Manley Crescent tarmacked/resurfaced so that those using the lane can do so without having to get muddy (in the winter months) or stepping in dog muck. When this area is used by tractors it makes it difficult for walkers to use. If the small stretch of this lane could be of a hard surface up to the gate which cuts through to Manley Crescent (from Manley Lane) then this could be used throughout the year.   |
| 46.12 | 8042  | If something is not done very soon regarding the speed, volume and type of heavy goods traffic going through the village, someone is going to be killed. As we have a school here too and a primary school at that, I am extremely surprised that a "20 mile" limit is not in place as anywhere I go where there is any school, this limit is in place. We have particular problem with the "highway maintenance" heavy goods lorries (mainly carrying tarmac etc) which are very wide and large lorries. These travel though our village at great speed, mainly 50 plus miles per hour and have to screech to a halt at the junctions, plus they have done damage to pavements which are quite high and the road surfaces. This is a serious problem in our village, which also includes vehicles of all descriptions including cars.    |
| 46.13 | 1023  | In the Scandinavian countries and in Germany there are communities who together have organised renewable energy schemes which provide a surplus of energy for the said community.   |
| 46.14 | 10088 | It is imperative that something is done ASAP regarding the volume & speed of traffic through Pembridge village as we have a primary school. I m surprised that there is not a 20mph limit already in force, which it should be. We have major problem with heavy lorries with large loads of tarmac, these in particular are the main culprits, as they speed through day & night, most travelling at over 50mph, and at the narrowest section, cannot pass other vehicles, therefore often have to reverse or screech to a halt, sometimes damaging footpaths, kerbs and road. We desperately need this to be addressed asap because extra housing/buildings in our parish is just going to make it worse..God only knows what damage this intense traffic is doing to our historic buildings which are supposed to be protected by law. |
| 46.15 | 7080  | Loss of surgery will be hard to bear  |
| 46.16 | 7074  | Make footpath from Manley Lane to Manley Crescent passable year round by laying scalplings down so that it no longer becomes a quagmire. This would be a safer and shorter route to walk children to school as roadside pavements are very narrow and one needs to cross the road twice to make use of the widest pavements   |
| 46.17 | 8048  | Many homes cannot accommodate garage access Priority on-road parking would help   |
| 46.18 | 10006 | Many of the problems of pavements and crossings of the road would be eased with a bypass ...but ..lots of problems with that too.   |
| 46.19 | 10028 | No Biomass.   |
| 46.20 | 8099  | No mass solar panels/wind farms or poly tunnels   |
| 46.21 | 7045  | No mention of flood resilience - it's important both locally and wider access routes  |
| 46.22 | 7027  | No more ad plants in this area. No more chicken houses  |
| 46.23 | 10046 | No more bio digesters, grow food not bio mass crops.  |
| 46.24 | 8092  | No to wind farms and a sea of solar panels  |
| 46.25 | 8098  | No wind farms/mass solar panels or poly tunnels   |
| 46.26 | 7021  | Our property is not on mains gas or sewerage  |
| 46.27 | 8049  | Parking permits for residents who have to use on road parking   |
| 46.28 | 10071 | Pavements & road is now an accident waiting to happen. It will be a tragedy. Too many chicken sheds etc. Using A44 plus <i>named company</i> lorries. Very urgent, I know young families that want to move out of village because of the road.  |
| 46.29 | 8074  | Providing it's not noisy or smells  |
| 46.30 | 7013  | Renewable energy comes in many forms. Some are good others are not.   |
| 46.31 | 10039 | Schemes for renewable energy are only possible if the general infrastructure is improved.   |
| 46.32 | 1017  | Signs at riverside - bridge car park are very negative and not at all welcoming - only prohibitive. This needs changing.  |
| 46.33 | 7025  | Subject to thorough scrutiny  |
| 46.34 | 8077  | The broadband speed improvement should be a priority  |
| 46.35 | 1021  | The church building/bell tower is of great historic importance and therefore needs support.   |
| 46.36 | 10059 | The condition of the roads is very poor.  |
| 46.37 | 1004  | The main road - junctions are dangerous - cars too speedy - round the bend (New Inn)  |
| 46.38 | 10075 | The pavements are dangerous in many places with traffic passing within inches of pedestrians at speeds unsuitable for the conditions. There are some delightful footpaths around the village but they are poorly maintained and one senses hostility from some landowners. This issue need add warning for properly presented they could be a major tourist asset.  |

|       |       |   |
|-------|-------|---|
| 46.39 | 10087 | The road is getting busier but the pavements are getting worse. they are dangerous and there will be an accident. We need to think about upgrading the pedestrian and cyclist and ensuring all passing vehicles appreciate they are in a well used residential area. The current situation is also off-putting to tourists. |
| 46.40 | 7079  | We have a mobile post office, why not a mobile surgery?   |
| 46.41 | 7078  | We have too many digesters going in now. We will have a mono culture going on if we are not careful   |
| 46.42 | 10025 | With ref to Q 46 depends on the proposals, some schemes would be unacceptable.  |

#### 48 Do you think tourists come to Pembridge Parish to enjoy Other (please specify):

|       | Ref No. | 48a Other (please specify)   |
|-------|---------|--|
| 48.1  | 10006   | A friendly working community.  |
| 48.2  | 7081    | And gallery  |
| 48.3  | 1021    | And please don't forget the church!!   |
| 48.4  | 1004    | Do not let Pembridge to be altered too much!   |
| 48.5  | 8022    | Farms  |
| 48.6  | 8010    | Gardens/arboretums/culture/festivals   |
| 48.7  | 10071   | Local festivals (Hay, Ludlow etc ) lots of people come to see Border Oak houses, probably spend lots of money.                       |
| 48.8  | 7017    | Needs a heritage & history centre, probably in the church, so that people who visit have something to do when they visit             |
| 48.9  | 10064   | No peace & quiet in the day due to all the HGV's using the village   |
| 48.10 | 7064    | Our friendly, relaxed, cheery, neighbourly attitude to visitors  |
| 48.11 | 8042    | Our local friendliness and welcoming spirit. This is a wonderful village community which is caring to each other as well as visitors |
| 48.12 | 8010    | Our proximity to other locations - Hay Brecon Beacons  |
| 48.13 | 1002    | Our tea rooms etc' - Not a reason for coming.  |
| 48.14 | 7071    | Our unique church and detached belfry!   |
| 48.15 | 8051    | Pembridge is a fantastic day out, if there aren't gypsies in the car park  |
| 48.16 | 7014    | The caravan site   |
| 48.17 | 10059   | The church & bell tower. This should have had a special listing above.   |
| 48.18 | 8077    | The excellent camp site and good quality meat and cider - locally produced   |
| 48.19 | 7073    | The fact it has not been ruined by over development  |
| 48.20 | 10007   | The fine art in the Chapel Gallery.  |
| 48.21 | 8058    | The peace and quiet - This should not be promoted as it is a working parish  |
| 48.22 | 10088   | We have a wonderful community spirit which welcomes everyone with open arms, including visitors.                                     |
| 48.23 | 8092    | What peace and quiet   |
| 48.24 | 1018    | What peace and quiet?  |

**49 Do you think any of the following suggestions would help improve the appeal of Pembridge and the revenue spend of tourist whilst here? Other (please specify):**

|       | Ref No. | 49a Other (please specify)  |
|-------|---------|---|
| 49.1  | 7025    | (Re 'improved marketing of the village' option) : Pembridge & the county in general are seriously under marketed  |
| 49.2  | 1023    | I think tourism is increasing and will increase Too much packaging, displays ....etc. will destroy its charm. People prefer to enjoy a rural idyll without too many labels.   |
| 49.3  | 8077    | Improved car parking (but do not charge for parking!)   |
| 49.4  | 7079    | Larger car park   |
| 49.5  | 8050    | Local marked cycle routes   |
| 49.6  | 10019   | Many tourists do not linger longer because of the dirt, noise, pollution & hazards from the HGV's & the chicken sheds.  |
| 49.7  | 7028    | More information on walking routes (to join with Kington's walking initiative)  |
| 49.8  | 7080    | More off-road parking   |
| 49.9  | 10087   | More shops, markets, events.  |
| 49.10 | 1017    | Need voluntary better parking behaviour in market square - patrons of new inn seem to be oblivious to parking etiquette   |
| 49.11 | 10082   | Pembridge is clean & friendly but litter is/ or should be regarded as essential.  |
| 49.12 | 1004    | Retaining the character- protecting age and history, appreciation   |
| 49.13 | 7024    | Rural walking routes cleared for access to ramblers etc   |
| 49.14 | 10010   | Seating and tables in the churchyard and more by the river.   |
| 49.15 | 10009   | Seating in churchyard and more by river.  |
| 49.16 | 10081   | Tourists are put off by the noise, pollution and potential danger from HGV's on the A44 and the non maintenance of street cleanliness which is exacerbated by the stone lorry debris & the agricultural vehicle residues. |

**Please leave any general comments about tourism here:**

|        | Ref No. | 49b Please leave any general comments about tourism here:   |
|--------|---------|---|
| 49b.1  | 8042    | 1 I believe there is a local heritage display in the church, but if someone had problems climbing steps/slopes then maybe something along the main stretch of roads may be helpful or a small building with it in instead to protect it 2 Our main roads (A44) of West Street, East street but in particular High street is very narrow, so there is no room for designated cycle routes and our pavements in areas are extremely high, which adds to the character of the village. As for the footpaths through fields etc, I believe those do get checked but I am not sure, plus I do not know if this is what you refer to. 3 We get a lot of tourists all year and as far as I know there is a lot of B&Bs as well as holiday lets within the area |
| 49b.2  | 10006   | A leaflet with an area map showing tea-rooms, good walks, galleries, village shops etc. for a 10 mile radius - a wider range of cards of local news & details.  |
| 49b.3  | 8001    | Additional facilities must be consistent with the village character   |
| 49b.4  | 8100    | Facilities and amenities linked to development of tourism must be sympathetic to the village to avoid destroying the very character which attracts tourists (most of whom enjoy the area because of its "unspoilt" character)   |
| 49b.5  | 10088   | I have overheard comments from tourists regarding our traffic problem of lorries & speed which elevates to noise. They say that it is such a beautiful & pretty village, very welcoming but the one thing is the traffic that puts them off. I believe there are several B & B's and holiday lets within our parish, as well as our village which is sufficient. Maybe we need an inside space on road level for tourists to visit regarding historical info., as not all can climb stairs and slopes to see what is in the church.   |
| 49b.6  | 8099    | I own two holiday cottages and all the guests complain of is poor signage and mobile phone signal   |
| 49b.7  | 7024    | If a by-pass were to be created, then more pedestrian street activities could be introduced   |
| 49b.8  | 8003    | Increased tourism inevitably means increased traffic. Have to live with it.   |
| 49b.9  | 10087   | Is there a way to highlight our special features more ( oak framed buildings, market hall, bell tower, river shop etc.)?  |
| 49b.10 | 1004    | It is good to see so many visitors - good for hostelrys - shop  |
| 49b.11 | 7013    | Look into number of holiday lets. They could be responsible for perceived need for housing.   |
| 49b.12 | 7014    | More parking needed because the main park is often full. Divert people to the village hall car park.  |

|        |       |  |
|--------|-------|--|
| 49b.13 | 1002  | More room to walk about safely. Area around shops, pubs and cafes dangerous.   |
| 49b.14 | 10051 | More tables and seating - Not by river   |
| 49b.15 | 1017  | More tourism based enterprise - Not if at the expense of residents needs. More tables and seating on A44'. Crossed out 'cycle routes'. Could be a lot more welcoming. Car park and toilets are not very obvious to visitors, so on street parking is a problem, causing congestion.  |
| 49b.16 | 7064  | Museum displaying our village heritage history   |
| 49b.17 | 10064 | Need to prevent any more 'Travellers ' using the car park to pitch up & stay, very off-putting to tourists and locals alike.   |
| 49b.18 | 1018  | On-street parking a problem too many householders who have no garage or car accommodation. Pub traffic takes up on-street parking rather than use car-parks provided, as they require shortest walking distance between pub and car, and need to show off new 4 x 4 outside pub. Provision for tourism does not enhance quality of life for inhabitants; merely provide opportunity for businesses many proprietors of which live outside village. |
| 49b.19 | 7055  | Pembridge is a wonderful village and tourists are important to us. Marketing is key to everything  |
| 49b.20 | 8098  | Poor signage of roads  |
| 49b.21 | 8077  | Riverside locations could be improved - parking? toilets   |
| 49b.22 | 10075 | The constant threat of speeding heavy lorries is a serious issue - how long before someone is killed? I often see visitors walking into the village on the left hand side of the road when there isn't a footpath, with their back to the traffic - time is not on the council's side as traffic levels are increasing all the time as is pollution.   |
| 49b.23 | 8075  | Tourism benefits only a small number of parishioners directly. It regularly detracts from parishioners enjoyment of local facilities   |
| 49b.24 | 8038  | Tourism can sometimes be a poisoned chalice - tourism that encourages people to make a base and explore the area is great but to come here for activities that are not linked to the specific nature of the village are, in my opinion, redundant.   |
| 49b.25 | 8044  | We need to speak to tourists to get some feedback. If the village was safer to walk through tourists may enjoy it more and stay for longer (i.e. spend more money). High end holiday rental would be an extremely popular choice   |
| 49b.26 | 10071 | We should look at other tourist villages like the Cotswolds and see what they do.  |
| 49b.27 | 8074  | Why are we so hung up on tourism? I think it benefits a very small proportion of Pembridge residents - probably about the same amount that it adversely affects!   |

| B9.136 | 7071  | The speed and frequency of heavy lorries using the A44 especially in the village  |
| B9.137 | 7055  | The speed lorries come through the village and the amount of cars outside the shop it makes the junction dangerous  |
| B9.138 | 8052  | The state of the roads and lack of maintenance of the ditches   |
| B9.139 | 10019 | The stress & frustration caused because traffic is King along the A44. The people & buildings are not important so it is impossible to care for them properly.                  |
| B9.140 | 8038  | The Tarmac trucks   |

| B9.143 | 7066  | The traffic - amount & speed  |
| B9.144 | 10088 | The traffic as it's the only thing that is negative but it does so much environmental damage to this village.   |
| B9.145 | 10018 | The traffic is getting worse year on year. It has already become extremely noisy.   |
| B9.146 | 7037  | The traffic mainly HGVs speeding through the village  |
| B9.147 | 7028  | The traffic on the main street in Pembridge   |
| B9.148 | 8042  | There is only one thing that destroys this beautiful natural village and that is the noise of the never ending traffic and the speed of which it goes, dangerously fast!        |
| B9.149 | 10007 | Though not a lot of traffic, there are some HUGE lorries that pass through.   |
| B9.150 | 1018  | Too suburban in village, and remorseless economic pressure of agriculture around, but that's everywhere. Creeping suburbanisation, obsession with "property", investment etc.   |

| B9.179 | 7076  | Traffic, lorries & poor pavements  |
| B9.180 | 7021  | Truthfully, I most dislike it being so far from the coast. Very poor surgery.  |
| B9.181 | 8053  | Unpleasant neighbours  |
| B9.182 | 8028  | Volume of large lorries  |
| B9.183 | 10031 | Volume of trucks/ lorries travelling through Pembridge.  |
| B9.184 | 10058 | We live on main road, West St. and dislike speeding HGV's and heavy tractors & trailers.   |
| B9.185 | 7017  | We seem to be stuck in the C16th   |

|------|---------|--|
| C1.1 | 1024    | A swimming pool More tables by the river Shops that are open more often and longer Zip wire More swings Skate park Town hall (for youth club)  |
| C1.2 | 10087   | Car park - vulnerable to misuse but is crucial because of other parking issues in village, tourism, shops etc. Can we extend parking policies for new housing? e.g. If there was a large development proposal the landowner should provide an additional small car park for village. Old carpet warehouse - could the village buy this for car park and garden area? Not suitable for housing but would make a good space to park cars, improve visual impact etc. might join up with Shuckley Lane for an additional footpath away from road. The footpath by Manley Lane could be improved to ensure it can be used in all weathers, Any chance to create new public footpaths |

|       |       |   |
|-------|-------|---|
|       |       | should be encouraged (and cycle paths). Any housing development should consider opportunity to create new footpaths (helps integration but also important for sustainability, reducing cars, highway safety.) Improvement & enlarging play area very important - what about adding oak shelter to Millennium Meadow, (could be used for teenagers or during wet weather and also could save hiring a marquee every year for fireworks. Also could be used for tourists and to make better use of the MM)  |
| C1.3  |       | Having once been a Leominster Town Councillor, my experience was based on its prototype plan where it received central govt funding to set up a steering group. Pembridge is of course a different ball game with differing needs so I wish the group well. (QC1 crossed through "from those under 18 years")   |
| C1.4  | 8087  | I do not think this questionnaire is a good idea. I have filled it in because people have taken time and trouble to present it. But you are asking people for their views when they have very little knowledge or experience of the subjects.   |
| C1.5  |       | My past experience as a Parish Councillor in Marden makes me "suspicious" of what initially are small scale, farm only developments and enterprise that quickly escalate to a major industrial/international scale concern i.e. S+A Davies The impact locally can be negative and devastating hence my comment re "monitoring". Bigger the enterprise the more ignoring of local views and riding roughshod over smaller development. (QC1 crossed through "from those under 18 years")   |
| C1.6  | 8042  | N/A * Except that we have grandchildren that range from tots to teenagers, so it would be good if there was somewhere where they could meet up with local children. More importantly it would be good for the local children to have a place to go, indoors, to meet up with friends Thank you  |
| C1.7  | 8044  | Pembridge has a younger demographic mix than most Herefordshire villages. This is important to retain through housing mix and enterprise. Pembridge is also full of lovely, friendly and caring people - unlike many communities Pembridge always seems to "pull together" and get things done. I'm sure we can achieve a great deal through the NDP too.   |
| C1.8  | 10071 | People shouldn't worry about new houses as long as they all look nice. The new Border Oak houses are sympathetic & are not noticeable. I really like the Border Oak house in the village car park which is modern. Would like to see more houses for families not just retirement homes as there are already a lot of old people? Fully support shop which is amazing and the 2 pubs which are a part of Pembridge and also good for tourists.  |
| C1.9  | 8089  | Returned to Old Steppes   |
| C1.10 | 8038  | The map is INADEQUATE - its completely illegible so of no use for it is age group or any age group for that matter - You should be consulting with this age group - comments by adults for them is no longer good practice and has not been for some time. - You should also have representatives on the steering group from this age group on the committee - again this is best practice  |
| C1.11 | 10079 | We want a skateboard/ scooter place. I like Pembridge how it is, I don't want Pembridge to be busy. Pembridge is clean & loved. I want to make an underground house!  |
| C1.12 | 7076  | My children aged 4 & 2 love the playground & Millennium Meadow and strongly support its upkeep & maintenance to a high standard clear of weeds etc It is very noisy & frightening at times walking to school/pre-school with high volume of large traffic passing through the village in the morning. At several points we have to walk on the road where the pavement is too narrow/impassable/often blocked by cars. It would make a huge difference to be able to walk directly from Manley Lane to Manley Crescent along the footpath   |
| C1.13 | 10076 | The form is very confusing in regard to whether all questions need responses  |
| C1.14 | 10018 | (Over 65 ) It is my firm belief that businesses and housing do not mix, because- no matter how small - a lot of businesses (including craft workers) create noise - saws, lathes, fans etc. They also cause more traffic and nasty smells. People essentially come to Pembridge to experience a life gone by - much quieter than at home & a slower pace of life too. We have recently had two enormous chicken sheds put up nearby - with 22 fans!! (The 2 old smaller sheds only had 4). Also the man next door has a business that includes having very noisy fans going in his 2 large barns. There are also lads doing up cars, which can be very noisy at times. The people on the other side seem to have turned their house into a laundry - more noise, more smell. Nightmare!! I know younger people need work - but in all fairness please situate any new business as far away from housing as possible, preferably on an industrial estate. That way perhaps we can all enjoy a quality of life. |

| 1018           | Respondent has written under question "Footpaths that are in better repair."  |
| 1022           | Plenty here. It is important for historical reasons to support the church building, bell tower and market hall as they are central to the character and uniqueness of Pembridge.  |

| 8020           | Investigating the concept of 'shared space' or 'naked roads' - what are they  |
| 8089           | Speed bumps and speed cameras - totally unnecessary and commented under question "20 mph/for lorries!"  |
| 8074           | Crossed out "redesigning the" in "removing/redesigning the entry/exit chicanes in village"  |
| 8051           | Naked roads would look nice in the village speed bumps would cause more noise, imagine a tractor and trailer going over speed bumps empty at 6 in the morning. Although traffic volume may be seen as an issue if does bring visitors to pubs shops and cafes               |
| 8012           | Reducing the speed limit within the village centre to 20 mph - and in Hamlets   |

| 7024           | Investigating the concept of 'shared space' or 'naked roads' - don't understand   |
| 7072           | Vital!! written next to 'reducing speed limits in wider parish' option  |
| 7048           | What on earth does this mean!! against shared space option  |
| 10076          | Regarding the 5th option (Investigating the concept of 'shared space' or 'naked roads') - Don't know what this means  |
| 7035           | Extending the speed limit area in the village - maybe   |
| 1028           | Respondent has crossed out 'removing' in 3rd option (Removing/redesigning the entry/exit chicanes in village) and written "no cycle path and pavement almost non existent in places".   |
| 7017           | All these projects are a waste of time. By pass the place!  |
| 1017           | Removing/redesigning the entry/exit chicanes in village - respondent has crossed out 'removing' and circled 'redesigning'. Also circled 'pedestrian/cycling routes' and written "none known" and written "?" after this question and "?" after 'reducing speed limits etc.' |
| 1005           | Respondent has crossed out "removing" in 'Removing/redesigning the entry/exit etc' row  |

| <b>Ref No.</b> | <b>43 Would you support a bypass to divert heavy traffic away from Pembridge village?</b>   |
| 8012           | Depends where   |
| 8022           | Except we need access to the farm through the village   |
| 8080           | Not the best use of money in this economic climate. Traffic reducing measures better option   |
| 7052           | Tentative ..... less traffic could reduce passing trade opportunities   |
| 7049           | Not cost effective. Other measures should be considered as other page   |
| 7048           | Too expensive & unnecessary if other measures implemented   |
